**Lesson 1: Introducing  
the Seven Skill Sets**

# ■ WHAT DOES YOUR DREAM CAREER LOOK LIKE?

# FUTURE SKILLS

The world of work is evolving. In the year 2030, a pharmacy assistant...

- will be expected to spend more time on digital tasks,
- will spend six hours a week on store admin like ordering and stocktaking (compared to 22 hours a week in 2006) because of the use of new technology.

Recent government research shows 16 of the 19 key job industries will grow in coming years.

# THE SEVEN SKILL SETS

## THE "GO-GETTER"

These are jobs that require a high level of interpersonal interactions such as sales, retail, hospitality and entertainment.

## THE "DESIGNER"

Jobs that involve deploying skills and knowledge of science and math to construct or engineer products or buildings.

## THE "CO-ORDINATOR"

Jobs that involve repetition, administration and behind the scenes processes or services.

## THE "HANDICRAFTER"

Jobs that require manual tasks related to construction, production, maintenance or technical customer service.

## THE "CARER"

Jobs that seek to improve the mental health, physical health or wellbeing of others, including medical care and personal support services.

## THE "PROFESSIONAL"

Jobs that involve professionals providing information, education or business services.

## THE "TECHIE"

Jobs that require understanding and manipulation of technology.
