ELECTRICAL POWER INDUSTRY AWARD 2020 AND LIVE PERFORMANCE AWARD 2020 - REMOVAL OF AMBIGUITY AND CORRECTION OF ERRORS

On 30 June 2023, the Fair Work Commission (**Commission**) issued a final determination to give effect to its own motion in dealing with correction of errors and removing uncertainties in the above two awards.

What are the changes to the Award?

Electrical Power Industry Award 2020

The availability allowance provision commenced operation on 25 November 2019 with an incorporated change that replaced the word 'days' with the word 'weeks'.

The corresponding rate in the summary of wage-related allowances in clause C1.1.1 however was not updated to reflect this change. This error will now be rectified by deleting the word "days" wherever it appears in clause C.1.1 and inserting "weeks" instead.

Live Performance Award 2020

An error was found in the provision for weekly part-time supernumeraries where corresponding weekly rate was not adjusted to account for the change from 19 hours per week to 24 hours per week.

The rate will now be amended to reflect a 24 hour week. The current amount "\$619.60" appearing in clause 31.4(a) will be replaced by "\$782.60".

When will the changes come into effect?

Both the changes come into operation from the first full pay period on or after **3 July 2023**.
